To,

The Principal / Director,  
GTU Affiliated Engineering Colleges,

As you know that GTU-VY section is running Vishwakarma Yojana project since **2012-13** for the final year Civil & Electrical Students. Final year civil and Electrical students co-opt their final year academic project under the Vishwakarma yojana. Such each student is paid with a stipend of approximately Rs.23000/- plus Village Visits Transportation allowance after successful completion of the work.

On the website [www.vyojana.gtu.ac.in](http://www.vyojana.gtu.ac.in) all the details are uploaded about the Vishwakarma Yojana project.

**I would like to bring to your kind notice that.....as per the resolution passed in the GTU Academic Council meeting dated 19th March 2020**, it has been resolved that, engineering colleges offering civil engineering branch have to mandatorily register and participate in the project and the group of students from such institutes have to compulsorily adopt minimum one village project (and upto maximum 3 village projects) under "**Vishwakarma Yojana Project PHASE-VIII**".

So, Degree Engineering colleges/Institutes having civil engineering branch are hereby informed to compulsorily appoint one Nodal Officer from Civil / Electrical Department, and inform GTU latest by **10th June, 2020**, on given below Link:( institutes already participated in 2019-20 need not to apply as their data is already available but have to fill up the data in the link if they want to change their nodal officer).

[To participate in the Vishwakarma Yojana Project PHASE-VIII](#)

Awaiting for your response.

Thanking You.

--
